

# Friday - June 12<sup>th</sup>

## 16.00 REGISTRATION 17.00 OPENING REMARKS

President of the International Neuromodulation Society

*E. Krames*

Italian Chapter of INS' President

*P. Poli*

German Chapter of INS' President

*V. Vadokas*

South Eastern Europe Chapter of INS' President

*D. Sakas*

Spanish Chapter of INS' President

*D. Abejón*

French Chapter of INS' President

*J.P. Nguyen*

President of European Federation of IASP Chapters -EFIC

*G. Varrassi*

President of Federdolore

*W. Raffaelli*

President of Società Italiana Clinici del Dolore - SICD

*G. Orlandini*

President of A.I.S.D.

*M. A. Giamberardino*

## 17.30 MAIN LECTURE

Strategic consideration in neurostimulation for pain.  
What are the targets and for what pain conditions ?

*G. Barolat (USA)*

## 18.00 FREE ORAL COMMUNICATIONS

*Chairmen: D. Beltrutti - A. Fogliardi (Italy)*

• Post herpetic pain: two cases treated with subcutaneous stimulation

*G. Ciliberto (Italy)*

• Trigeminal neuroalgia treated with subcutaneous stimulation

*M. Lucia (Italy)*

• Transforaminal nerve route stimulation

*G. Babbolin (Italy)*

• Lower limb pain of spinal origin: a decisional algorithm proposal

*F. Micheli (Italy)*

• Spinal cord stimulation (SCS) with high-cervical epidural electrodes position for the treatment of chronic shoulder pain

*S. Adilardi (Italy)*

• Psychosocial factors to select SCS patients

*A. Ciaramella (Italy)*

• Multiple independent sources in SCS for low back pain

*A. Dario (Italy)*

• Low back pain: series of 20 patients with a novel device

*M. Camacho (Spain)*

• Peripheral stimulation in the treatment of neuropathic pain caused by neuroma formed after deep peroneal nerve amputation: a case study

*N. Caporusso (Italy)*

• Preliminary experience of the Puglia Algologist Working Group

*F. Bruno (Italy)*

• Lombardia Neurosurgeons Study Group: protocol and data collection

*I. Dones (Italy)*

• How does SCS work ? Some anatomical considerations

*P. Rigoard (France)*

• Long Term Efficacy on Morphine Pumps

*L. Jacques (Canada)*

• How to better address Low Back Pain ? The 5-6-5 lead experience

*L. Jacques (Canada)*

20.00 *Happy Hour Cocktail*

# Saturday - June 13<sup>th</sup>

## 08.50 BREAKFAST SEMINARY

### SPASTICITY

*Chairmen: I. Dones - M. Meglio (Italy)*

09.30 The basic neurophysiological principles of spasticity

*I. Panourias (Greece)*

09.40 Intrathecal baclofen for spasticity

*B. Cioni (Italy)*

09.50 Long-term follow-up of spastic patients under intrathecal baclofen

*M. Schmutzler (Germany)*

10.00 *Discussion*

10.20 *Break – Video Poster Session*

### PAIN

*Chairmen: C. Bonezzi (Italy) - V. Vadokas (Germany)*

10.40 Spinal Cord stimulation in the treatment of pain

*E. Reig (Spain)*

10.50 Brain stimulation for the treatment of pain

*M. Meglio (Italy)*

11.00 Intrathecal drug infusion for the treatment of pain

*W. Raffaelli (Italy)*

11.10 Occipital neurostimulation for the treatment of intractable headache

*J. Pérez Cajaraville (Spain)*

11.20 *Discussion*

### SUBCUTANEOUS STIMULATION

*Chairmen: J. De Andrés (Spain) - N. Monachese (Italy)*

11.40 Subcutaneous stimulation in low back pain

*G. Colini Baldeschi (Italy)*

11.50 Subcutaneous stimulation on occipital nerve

*A. Cesaroni (Italy)*

12.00 Treatment of occipital neuralgia: C2 infiltration, C2 radicotomy or occipital nerve stimulation ?

*S. Raoul (France)*

12.10 Case records

*G. Pinato (Italy)*

12.20 Postsurgical neuropathic pain

*B. Piva (Italy)*

12.30 *Discussion*

13.00 *LUNCH SEMINARY*

### PERIPHERAL NERVE STIMULATION

*Chairmen: H. Harke (Germany) - S. Korfias (Greece)*

14.30 Peripheral nerve stimulation

*D. Klase (Germany)*

14.40 PNS: percutaneous techniques

*C. Reverberi (Italy)*

14.50 *Discussion*

### SACRAL STIMULATION

*Chairmen: C. Ratto (Italy) - V. Vadokas (Germany)*

15.10 Techniques of implant

*G. Naldini (Italy)*

15.20 Applications and results in colonrectal field

*A. Muñoz (Spain)*

15.30 Applications and results in urological field

*G. Del Popolo (Italy)*

15.40 Experience with sacral nerve stimulation

*F. Hertel (Germany)*

15.50 *Discussion*

16.00 *Break*

## OTHER MOVEMENT DISORDERS

*Chairmen: A. Costantini - F. Paoletti (Italy)*

16.20 Motor cortex stimulation for Parkinson's disease

*A. Lavano (Italy)*

16.30 Motor cortex stimulation for the treatment of movement disorders other than Parkinson's disease

*JP. Nguyen, P. Mertens (France)*

16.40 Dystonia: current understanding of phenotypes and mechanism as a basis for neuromodulatory interventions

*A. Leonardos (Greece)*

16.50 Deep brain stimulation in severe trunkal Dystonia

*D. Sakas (Greece)*

17.00 Deep brain stimulation in Parkinson's disease

*F. Hertel (Germany)*

17.10 *Discussion*

## POINT OF VIEW ABOUT ZICONOTIDE

*Chairmen: F. Bellinghieri - S. Mameli (Italy)*

17.30 Selection criteria of patients under the Ziconotide therapy. Best supportive care: example of Ziconotide

*M. Rocco (Italy)*

17.40 Practical aspects of clinical use of Ziconotide

*J. Insausti (Spain)*

17.50 French experience with the use of Ziconotide

*D. Menegalli (France)*

18.00 Decision making in Ziconotide use

*B. Kleinmann (Germany)*

18.10 Two years of Ziconotide use

*R. Russo (Italy)*

18.20 *Discussion*

18.40 *Happy Hour Cocktail*

19.00 **GENERAL ASSEMBLIES**

(Italy, France, Germany, Southern East Europe, Spain)

**GALA DINNER**

# Sunday - June 14<sup>th</sup>

09.00 **BREAKFAST SEMINARY**

## DIFFERENT APPLICATIONS OF NEUROMODULATION

*Chairmen: S. Korfias - I. Panourias (Greece)*

09.40 Vagal nerve stimulation for the treatment of epilepsy

*S. Korfias (Greece)*

09.50 Deep brain stimulation for algic syndromes and OCT

*A. Franzini (Italy)*

10.00 Deep brain stimulation for dyskinesia secondary to neuroleptic treatment

*S. Blond, P. Mertens (France)*

10.10 Neuromodulation for angina pectoris

*S. Eckert (Germany)*

10.20 Neuromodulation in cranial-facial pain

*G. Duse (Italy)*

10.30 *Discussion*

11.00 *Break – Video Poster Session*

12.00 *Closing Remarks*
